The Plan Administrator
Allied Pilots Association Group Term Life and
Voluntary Accidental Death and Dismemberment Insurance Plan
Fort Worth, Texas

## Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Allied Pilots Association Group Term Life and Voluntary Accidental Death and Dismemberment Insurance Plan, formerly the Allied Pilots Association Group Term Life & Personal Accident Insurance Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

The amounts and disclosures in the accompanying financial statements, other than those
agreed to or derived from the certified investment information, are presented fairly, in
all material respects, in accordance with accounting principles generally accepted in the
United States of America (GAAP); and

 The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no
  such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Notes to Financial Statements**

### 1. Description of the Plan

The following description of the Allied Pilots Association Group Term Life and Voluntary Accidental Death and Dismemberment Insurance Plan, formerly the Allied Pilots Association Group Term Life & Personal Accident Insurance Plan, (the Plan) provides only general information about the Plan's provisions. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

#### General

The Plan was established on June 1, 1963, to provide group term life and voluntary accidental death & dismemberment benefits to eligible members of Allied Pilots Association (APA, Plan Sponsor, or Plan Administrator), as set forth in the plan agreement. The Plan is administered by APA. The assets of the Plan are held in the Allied Pilots Association Welfare Benefits Master Trust (the Master Trust), which also holds the assets of additional APA benefit plans (the Participating Plans), and in accounts with Metropolitan Life Insurance Company (MetLife) and Bank of Texas. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

### Eligibility

Active and retired members of APA and active and retired employees of APA are eligible to participate in the Plan. A member of APA is eligible to participate in the Plan for group term life, if on the effective date of coverage, the member: (a) is a member of APA in good standing and (b) is on active flight status as a pilot with American Airlines Group (AAG). An employee of APA is eligible to participate in the Plan for group term life, if on the effective date of coverage, he or she is actively at work. APA members and APA employees may apply for up to \$150,000 of coverage without proof of insurability if application is made within twelve months of employment for APA employees or twelve months from the date they become eligible to be an APA member, otherwise proof of insurability will be required. Retired APA members and APA employees may be eligible to continue group term life coverage. Plan participants may also purchase spouse and dependent child coverage.

APA members and APA employees in the Enhanced Group Life Insurance Coverage may purchase voluntary accidental death & dismemberment insurance coverage (VADD Coverage) for themselves and their families. Participants in the Grandfathered Group Life Insurance Coverage (participants and the eligible dependents who had coverage prior to October 1, 1994 and who have not terminated coverage) are not eligible for the VADD coverage. VADD Coverage terminates upon the earlier of ineligibility for the Enhanced Group Life Insurance Coverage or retirement.

#### **Contributions**

Group term life contributions are based on the Plan participant's selected benefit level, in various dollar increments, and attained age on January 1 of each plan year.

VADD Coverage insurance contributions are based on the Plan participant's type of coverage and selected self versus family coverage. Participant contribution requirements are established at the amounts necessary, as defined, to provide benefits and pay expenses incurred by the Plan. There are no contributions from the Plan Sponsor for the Plan.

### **Notes to Financial Statements**

Effective January 1, 2020, the Apprentice Member Benefit Program was implemented, where apprentice Members are eligible to participate in the Plan and have the following rates in the Plan:

	Time Period (Months)
	(1,10110110)
Monthly benefit level of \$50,000, at no cost; additional coverage may be	
purchased at a 75% discount	1-12
Contributions are discounted by 50%	13-24
No additional discount	After 24

The Apprentice Member Benefit Program was terminated to new participants effective December 1, 2021.

### **Experience-Rated Contracts**

Certain insurance contracts are subject to experience-rating adjustments. Experience ratings (calculated as the difference between premiums paid and the total of claims paid and fees charged by the insurance company) are determined by the insurance company in the following year and may result in a premium surplus or deficit.

#### **Premium Stabilization Reserve**

The Plan is required to maintain a premium stabilization reserve with an insurance company, which is used to perform annual activities of the Plan, including collecting premiums, processing claim payments, retention charges, and issuing annual dividends. The premium stabilization reserve earns a rate of interest equal to the Treasury Bill index rate plus 0.25%.

### Stop Loss Coverage (Pooling Charges)

The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over \$750,000). The pooling charges reflected in the statement of changes in net assets for benefits represent the premiums paid for the stop loss coverage.

### **Insured Benefits**

The VADD Coverage is provided under a fully insured option to participants with Enhanced Group Life Insurance Coverage. All claims are paid from MetLife reserves and not from the reserves of this Plan. Types of coverage benefit amounts include \$250,000 or \$500,000.

### **Self-insured Benefits**

All other Plan benefits are self-insured. The Plan provides group term life benefit amounts ranging from \$50,000 to \$1,500,000 for active APA members and APA employees, \$25,000 to \$500,000 for spousal coverage and \$10,000 for dependent child/children coverage.

### **Notes to Financial Statements**

Plan claims are administered and processed by NGS Insurance Agency, Inc. (NGS), the Plan's third-party claims processor, under an administrative services only (ASO) arrangement. Benefits were paid through MetLife, the Plan's claims processor. Despite the Plan's utilization of a third-party claims processor, ultimate responsibility for payments to providers and participants is retained by the Plan.

### 2. Summary of Accounting Policies

### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting.

### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### **Contributions**

Participant contributions are recorded in the period in which the coverage relates.

#### Payment of Benefits

Claim payments are recorded when paid by the third-party claims processor.

### Investment Valuation and Income Recognition

Investments in the Master Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by its custodian. Purchases and sales of investments are recorded on a trade-date basis. Investment income or loss is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### **Dividends**

As provided for in the Board resolutions, annual and additional dividends may be paid out to participants based on provisions within the dividend policy, which requires that claims reserves are funded before a dividend is paid. Dividends constitute a refund of premiums paid by the participants and will be distributed only to participants enrolled in the Plan as of the end of the Plan year.

### 3. Benefit Obligations

Plan obligations as of December 31, 2023 and 2022, include those claims incurred but not reported at year-end but currently payable related to deaths of eligible participants on or before year-end for which the eligible participant benefit has not yet been paid.

### **Notes to Financial Statements**

The Plan's benefit obligations are as follows:				
December 31,		2023		2022
Amounts Currently Payable Claims payable and claims incurred by not reported	\$	810,000	\$	710,000
The changes in the Plan's total benefit obligations are as	follows:			
Year ended December 31,				2023
Amounts Currently Payable				
Balance, beginning of year			\$	710,000
Claims incurred			•	6,447,585
Claims paid, net				(6,347,585)
Balance, end of year			\$	810,000

Plan obligations at December 31 for claims incurred but not reported are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrator. These amounts are paid by the Plan only if claims are submitted and approved for payment.

### 4. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the Trustee, a qualified institution, has certified that the following investment information included in the accompanying financial statements is complete and accurate:

- Plan interest in Allied Pilots Association Welfare Benefits Master Trust as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Plan interest in Allied Pilots Association Welfare Benefits Master Trust investment income shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investment information included in the footnotes to the financial statements as of December 31, 2023 and 2022.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements.

Information applicable to the cash and restricted cash balances of \$863,303 and \$3,381,168, respectively, as of December 31, 2023 and of \$893,775 and \$6,047,346, respectively, as of December 31, 2022 was not certified. Interest income of \$274,006 earned on the restricted cash during the year ended December 31, 2023 was also not certified.

### Notes to Financial Statements

#### 5. Interest in Master Trust

A majority of the Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and the assets of Participating Plans. Each Participating Plan has an undivided interest in the Master Trust as of December 31, 2023 and 2022. The assets of the Master Trust are held by the Trustee.

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income or loss less actual distributions and allocated administrative expenses, which approximates the Plan's interest in the Master Trust at year end. As of December 31, 2023 and 2022, the Plan's undivided interest in the net assets of the Master Trust was approximately 8% and 6%, respectively. Investment income or loss and administrative expenses relating to the Master Trust are allocated to the Participating Plans based upon the average monthly balances invested by each plan. Each plan continues to be operated under its current plan agreement and pays its plan benefits and allocated administrative expenses.

The following tables present the investments and other assets and liabilities of the Master Trust and the Plan's interest:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

**Net Assets** 

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

### **Notes to Financial Statements**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money Market Funds - These assets are valued at the daily closing price as reported by the fund.

Mutual Funds - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Master Trust are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Master Trust are deemed to be actively traded.

Common Collective Trusts (CCTs), Limited Partnership (LP), and Real Estate Investment Trust (REIT) - These assets are valued at the NAV of units held. The NAV, as provided by the trustee of the CCT, as determined by the general partner of the LP, and as provided by the fund manager of the REIT, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Transactions (purchases and sales) may occur daily. Were the Master Trust to initiate a full redemption of the investment, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Fixed Income and Fixed Income-Related Securities - This category includes corporate debt, collateralized mortgage obligations, mortgage pass through, and U.S. Treasury bonds. These assets are generally valued at the bid price or the average of the bid and ask price. Prices are based on observable market information in primary markets or a broker quote in an over-the-counter market.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's investments, at fair value on a recurring basis:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or mode-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

### Reclassifications

Certain prior year amounts, \$6,819,666 of commingled funds previously included within Level 2 of the fair value hierarchy, have been reclassified to conform to the current year presentation as mutual funds within Level 1.

### 6. Administrative Expenses

The Master Trust pays all administrative expenses of the Participating Plans. All administrative expenses are then allocated by the Master Trust to the Participating Plans in accordance with the plan agreement. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. APA, at its sole discretion, may elect to pay any such expenses. APA did not pay any plan expenses during 2023. MetLife pays retention expenses and pooling charges of the Plan.

Allocated administrative expenses to the Plan consist of the following expenses:

Year ended December 31,		2023
Plan administration	\$	179,100
Accounting and consulting	·	100,467
Investment management		19,343
Trustee		8,597
Legal		8,220
Insurance		4,288
Total Administrative Expenses	\$	320,015

### 7. Tax Status

The Master Trust established to hold the Plan's assets is intended to qualify pursuant to Section 501(c)(9) of the Internal Revenue Code (IRC), and accordingly, the Master Trust's net investment income or loss is exempt from income taxes. The Master Trust has obtained a favorable tax

### **Notes to Financial Statements**

exemption letter from the Internal Revenue Service (IRS) dated August 13, 1997, stating that the Master Trust used to pay benefits is qualified pursuant to Section 501(c)(9) of the IRC. The Master Trust has been amended since receiving the letter. The Plan Administrator believes that the Master Trust, as amended, continues to qualify and to operate in accordance with applicable provisions of the IRC.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 8. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor, by a formal resolution of its board of directors, has the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, notice shall be given to all participants as to the date that benefits shall cease. Upon the dissolution of the Plan and after outstanding and unpaid claims have been filed and cleared, assets remaining in the Plan will be allocated first to pay administrative expenses and fees for professional services provided; then to pay benefits to participants with respect to claims arising prior to the date of termination or such earlier date as the Plan Administrator may designate; and finally, to provide life, sickness, accident, or other benefits as defined in Section 501(c)(9) of the IRC. No assets of the Plan may revert to the Plan Sponsor or be used for purposes other than for the exclusive benefit of the Plan's participants.

### 9. Related Party and Party-in-Interest Transactions

As of December 31, 2023 and 2022, the Master Trust contains approximately \$8.9 million and \$13.1 million, respectively, of investments that are managed by the Trustee. As of December 31, 2023 and 2022, it also contains approximately \$82.3 million and \$77.9 million, respectively, of common collective trusts and commingled funds that are managed by entities that provide investment management services to the Master Trust. During the plan year ended December 31, 2023, the Plan paid various administrative expenses, as noted in Note 6, to service providers of the Plan. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

Certain administrative functions of the Plan are performed by an officer or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

#### 10. Risks and Uncertainties

The Plan, through its investment in the Master Trust, invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

### **Notes to Financial Statements**

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, claims trends, and member demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

As of December 31, 2023 and 2022, the Master Trust had investments of \$96,505,468 and \$71,173,918, respectively, that were concentrated in three funds (Wellington Trust International Research Equity CCT, BlackRock Equity Index Fund B CCT, and T. Rowe Price Institutional Small Cap mutual fund) and two funds (Wellington Trust International Research Equity CCT, BlackRock Equity Index Fund B CCT), respectively.

The Plan maintains a cash balance at a financial institution which at times may exceed the Federal Deposit Insurance Corporation limits per depositor at each financial institution. The Plan has never experienced any losses related to these balances.

### 11. Subsequent Events

The Plan Sponsor has evaluated events for the Plan through August 21, 2024, the date the financial statements were available to be issued.

### 12. Reconciliation of Financial Statements to Form 5500

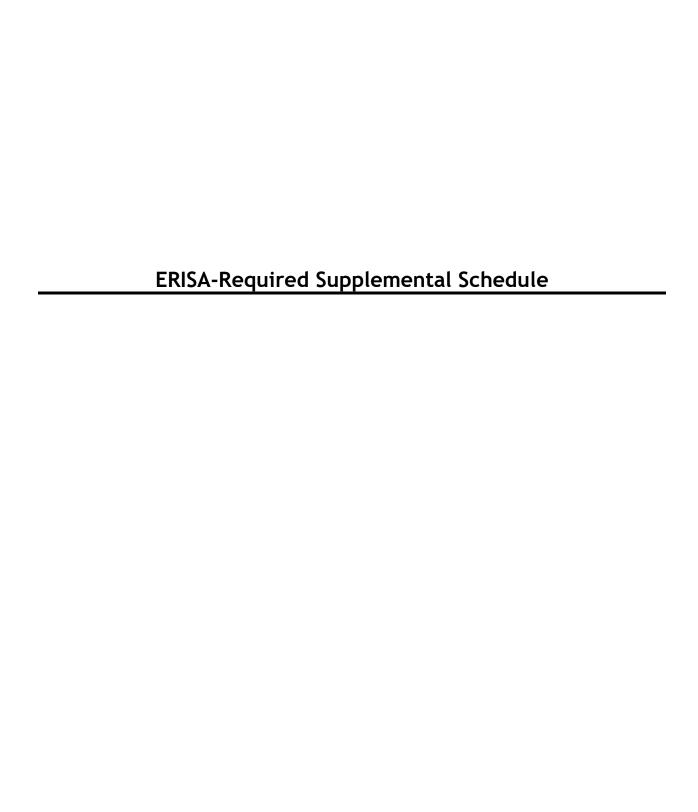

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,	2023	2022
Net Assets Available for Benefits, per financial statements Benefit obligations currently payable	\$ 18,395,704 (810,000)	\$ 16,788,646 (710,000)
Net Assets Available for Benefits, per Form 5500	\$ 17,585,704	\$ 16,078,646

The following is a reconciliation of claims paid per the financial statements to the Form 5500:

Year ended December 31,	2023
Claims Paid, per financial statements	\$ 6,347,585
Add: Amounts currently payable at December 31, 2023	810,000
Less: Benefit obligations payable at December 31, 2022	(710,000)
Claims Paid, per Form 5500	\$ 6,447,585

Amounts currently payable to or for participants, dependents and beneficiaries are recorded on the Form 5500 for claims that have been processed and approved for payment prior to December 31, 2023, but not yet paid as of that date.
